FRONT-END
DEVELOPER

RESUME

PROFILE

I am a self-taught programmer with a passion for technology. Through relentless determination and a desire to improve constantly, I have developed diverse skills in various programming languages and technologies. My strong work ethic and self-motivated attitude allow me to work independently or in a team environment. I am always seeking new challenges and opportunities to expand my knowledge and advance my career.

WORK EXPERIENCE

Mar 2023 - Present

Front-End Developer
Nestlé

My main responsibilities:

- Assisting with developing, updating, and enhancing user registration forms for the company's e-commerce websites, utilizing markup and styling languages such as HTML and CSS, and programming languages such as JS.
- Implementing Front-End technical solutions and code reviews using Jira to meet project requirements.
- Developing and maintaining technical documentation on the team workspace on Confluence.
- Continuously improving registration form functionality, design, and performance through optimization and automation.
- Conducting end-to-end testing and providing feedback for further improvements.

CORE SKILLS

- Mobile & Web Application Front-End
- JavaScript & React.js
- HTML5, CSS3, Bootstrap
- Git & GitHub
- Web Design & UI/UX Design
