WORK EXPERIENCE

Mar 2023 - Present

Front-End
Developer - Nestlé

My main responsabilites:

• Assisting with developing, updating, and enhancing user registration forms for the company's e-commerce websites, utilizing markup and styling languages such as HTML and CSS, and programming languages such as JS.
• Implementing Front-End technical solutions and code reviews using Jira to meet project requirements.
• Developing and maintaining technical documentation on the team workspace on Confluence.
• Continuously improving registration form functionality, design, and performance through optimization and automation.
• Conducting end-to-end testing and providing feedback for further improvements.

CORE SKILLS

• Mobile & Web Development
• HTML5, CSS3, JavaScript
• Git & GitHub
• SAP Customer Data Cloud & APIs integration
